PROFILE

An Enthusiastic Software Developer looking for challenging roles in Java and Website Development where I can use my programming skills to achieve Career goals.

PROFESSIONAL EXPERIENCE

Full Stack Developer Intern, Connecticus Technologies Pvt Ltd   11/2023 – present │ Pune, India

- Created responsive interfaces with React.js, enhancing user experience and meeting project requirements.
- Implemented dynamic features and UI enhancements for improved functionality.
- Developed robust solutions using Java Spring Boot, emphasizing scalability and efficient data processing.
- Designed and maintained RESTful APIs, ensuring smooth communication between front-end and back-end components.

Software Developement Intern, Hitachi Vantara   01/2023 – 08/2023 │ Pune, India

- Collaborated with the frontend team by understanding technical needs to translate design mockups into interactive and responsive user interfaces using HTML5, CSS3, and React.
- Implemented user-friendly interface , navigation, layouts, and components.
- Worked closely with the backend developers to consume RESTful APIs and integrate frontend components with backend services.
- Participated in designing and developing API endpoints, ensuring efficient data exchange between the frontend and backend.
- Gained exposure to database management, contributing to data retrieval and manipulation using SQL queries.

PROJECTS

Learning Management App ⧉   02/2023 – 03/2023

Sills Acquired : Java, React, Postman, PostgreSQL, Spring-Boot

- Learning Management System (LMS) is a React-based web application with a Java Spring Boot backend and PostgreSQL databases.
- It offers administrators the tools to effortlessly add and remove courses. Users can access these courses, view details.
- The LMS ensures efficient course management and a user-friendly experience..

Movie Rating App ⧉   04/2023 – 05/2023

Skills Acquired : React, Scss , Bootstrap, REST API

- The Movie Rating Web App is a React-based application that leverages the TMDB API to provide users with access to the latest, trending, and popular movie ratings.
- The app offers an engaging user experience by displaying up-to-date movie information using a combination of SCSS styling and Bootstrap components.

EDUCATION

Bachelor Of Technology,   2019 – 2023 │ Pune, India
G. H. Raisoni College of Engineering and Management
CGPA : 8.24

SKILLS

Languages : C++, Java, JavaScript, HTML, CSS, SQL.
Tools and Frameworks: React Js, Postman, Spring Boot.
Courses: Database Management Systems (DBMS) , Object-Oriented Programming (OOPS)
